

SHOWBOX AT THE MARKET AV EQUIPMENT

Below is a list of the Audio/Video equipment available for use at The Showbox at the Market. Please note that some items may be subject to an additional rental fee. It is also important to note that we do not have an in-house A/V person. Our lighting person may be able to assist you with the use of any of these items, but if you need someone to sort out your A/V needs and operate them for you, then you will need to hire a professional A/V technician.

PROJECTOR

Panasonic PT FW300U - 3500 Lumens
